

DESCRIPTION

RPR Products Multi-Mate aluminum elbow covers, commonly referred to as “humped” elbow covers, are formed from .024” thick, 1100 alloy, 0-temper aluminum. The aluminum is coated with a baked-on epoxy paint on the inside to impede electrolytic decomposition and an acrylic paint on the outside to impede oxidation. The elbow covers are manufactured to conform to ASTM C-450 method of fabrication in a 90 degree configuration. 13 sizes are designed to fit 111 combinations of pipe sizes.

All sizes are packaged fifteen pieces per box.

Nominal Pipe	Interchangeable Chart / Insulation Thickness								
	1"	1 1/2"	2"	2 1/2"	3"	3 1/2"	4"	4 1/2"	5"
1/2"	# 3	# 4	# 5	# 6	# 7	# 8	# 9	# 10	# 11
3/4"	# 3	# 4	# 5	# 6	# 7	# 8	# 9	# 10	# 11
1"	# 3 1/2	# 4 1/2	# 5 1/2	# 6	# 7	# 8	# 9	# 10	# 11
1 1/4"	# 3 1/2	# 5	# 5 1/2	# 6	# 7	# 8	# 9	# 10	# 11
1 1/2"	# 4	# 5	# 6	# 7	# 8	# 9	# 10	# 11	# 12
2"	# 4 1/2	# 5 1/2	# 6	# 7	# 8	# 9	# 10	# 11	# 12
2 1/2"	# 5	# 6	# 7	# 8	# 9	# 10	# 11	# 12	
3"	# 5 1/2	# 6	# 7	# 8	# 9	# 10	# 11	# 12	
3 1/2"	# 6	# 7	# 8	# 9	# 10	# 11	# 12
